examines the history of central america and mexico from spanish discovery and colonization to self government and industrialization for the region

this book shows that political narratives can promote or thwart the prospects for international cooperation and are major factors in international negotiation processes in the 21st century in a world that is experiencing waves of right wing and left wing populism international cooperation has become increasingly difficult this volume focuses on how the intersubjective identities of political parties and narratives shape their respective values interests and negotiating behaviors and strategies through a series of comparative case studies the book explains how and why narratives contribute to negotiation failure or deadlock in some circumstances and why in others they do not because a new narrative that garners public and political support has emerged through the process of negotiation the book also examines how narratives interact with negotiation principles and alter the bargaining range of a negotiation including the ability to make concessions this book will be of much interest to students of international negotiation economics security studies and international relations
